<Wheatfield with Crows> 1890, Oil on Canvas, 50.5 X 103 cm

A work by Dutch post-impressionist artist Gogh.
currently in the possession of the Van Gogh Museum in Amsterdam
Completed in July 1890, during the last week of his life,
it is widely believed to be his last painting.
However that is not true
Dr Jan Hulsker the highest authority on the research on Gogh,
asserts that Gogh painted 7 more pieces
after that piece of work.
As one of Gogh s few large works,
it was Gogh s attempt at a painting of a horizontally long dimension
at the end of his life in Auvers.
